

Your event invitation to ... Life Story Project

We all have a story to share about our lives. This is a chance to tell yours or to help others to share their own.

15th July 2016 1.30pm-3.30pm
Askern Library, Station Road, Askern, DN6 0LA

We are looking to support people who are living with dementia to tell their life story in a way they can share with those around them to promote understanding of who they are.

You would be working 1-2-1 with a volunteer who will help you to tell your life story. They will support you to shape a positive future by using your past life experience and your wishes for the future.

We are seeking people who want to tell their story and volunteers who, under the guidance of Doncaster Admiral Service, would be able to help people to tell their stories.

If you are **interested in either telling your story**, or supporting someone through **volunteering**, please contact one of:
